Ed.D., MS, RDN

**Allie Bryan**

**Elizabeth Carpenter,**  
BSN, RN

**Mary E. Gibson,**  
PhD, RN

**Farah Ibrahim**

**John Jertson**

**Ann Lhospital**

**Ashley Palmer**

**Susan Payne**

**Dana Rexrode,**  
MA, LPC, NCC

**Kathy Rhyne**

**Nareen Scott**

**Toya Trager**

**Autumn Wade**

**Jon Nafziger, MPA**  
Executive Director

### Supporting Kiddos From Diverse Backgrounds

Child Health Partnership's services support families from all backgrounds in our communities. All families are low-income; many face struggles with housing instability, food insecurity, mental health challenges, other chronic health issues, and/or a history of trauma and negative parenting. Child Health registered nurses and family support staff meet with parents at-home an average of twice each month, building long-term relationships and teaching skills to empower them to meet their children's needs.

The families we support are 65% immigrants and/or refugees. Child Health plays a positive role for these families. Take a look at the map showing the countries our families have immigrated from.

It is amazing! You may wonder how our registered nurses and support specialists communicate with families who speak many different languages. It is possible with the help of in-person and phone interpreter services. While the cost of interpreters continues to rise we work closely with our supporters to insure Child Health has the financial wherewithal to meet these immigrant families and kiddos' needs.

### There Are Many Ways to Support the Children in our Community

***Qualified Charitable Distribution:*** Consider a donation to Child Health using a qualified charitable distribution if you are required to take annual distributions from a traditional IRA. A donation to us will be excluded from your federal taxable income and a qualified distribution may count toward your required minimum distribution and support the children in OUR Community. Ask your Financial Planner or Tax Advisor for more information.

***Neighborhood Tax Credits: (NAP)*** The purpose of the NAP is to encourage businesses, trusts and individuals to make donations to approved 501(c) (3) organizations for the benefit of low-income persons. In return for their contributions, businesses, trusts and individuals may receive tax credits equal to 65 percent of the donation that may be applied against their state income tax liability. Contact Ann:434-760-4220

***Become a Community Partner: Become a Business Community Partner. Your business can play a visible role in helping us partner with families for success, contact Ann: 434-760-4220***

## Celebrating Your Support

The weather did not disappoint as Child Health honored its donors at a cocktail reception in May. Our office was open for tours and donors who were invited to enjoy cocktails and a charcuterie. We hope you all will continue to ***imagine*** a community of healthy children that are meeting developmental milestones, are up to date on well-baby visits and immunizations, and are connected to child care and preschool. We hope you join us next year for this annual tradition.
