OUR MISSION:

**Child Health Partnership
provides at-home
support to children
and parents to
promote the health
and well-being of
families in our community.**

Friends and Partners,

2023 has been an exciting year for Child Health Partnership! With your generous support we have provided services to 367 children from over 200 families across our local area.

We continue to focus on supporting families in their homes. Our teams of registered nurses and certified family support specialists assist parents of babies and young children in their earliest, most formative years.

These families face challenging situations that impact the health and well-being of their children. Through over 3,600 home visits and calls this year, Child Health Partnership worked with families to address the social challenges that affect them. Built on a foundation of respect, our teams assist with access to medical care, housing, food resources, employment, transportation and more. By fostering stability and equitable access to care, we help families keep their children healthy.

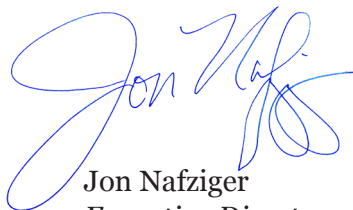

Building on these long-term trusted relationships, our staff partners with families to make meaningful change possible. Meeting regularly with children and their caregivers means we can assess the children's development, provide insights and support skill-building to ensure healthy development.

We can only offer these services through your generosity. Now more than ever, let's imagine healthy children and a healthy community. Thank you!

With warmest regards,

Claudette Grant
Chair, Board of Directors

Jon Nafziger
Executive Director

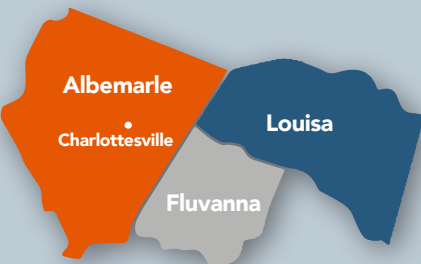

OUR IMPACT

We supported
367 children
from
203 families
with a total of
3,617 visits
and calls.

Where we serve:

**Our services meet the standards of success established by Families Forward Virginia and CHIP of Virginia.*

OUR TEAMS SUPPORTED

80 pregnant women including
18 teens with prenatal care

203 families

59 refugee families from 12 countries

Success:

Families enrolled for a full year **averaged 20 visits.**

97% of children have a medical home for sick and prenatal care.

92% of children had a current developmental screening.

89% of children were up-to-date on well-child care.

89% of children had a current health assessment.

71% of families had one or both parents employed.

78% of children are enrolled in preschool or child care.

45 new families enrolled in 2023.

83% decrease in children who needed medical care and didn't receive it.

50% decrease in children who needed dental care and didn't receive it.

**Since 1991, we have
served over 5,500 children
from 3,500 families.**

Thank you for helping us IMAGINE a healthy community through healthy children.

July 1, 2022 – June 30, 2023

The Board of Directors and Staff of Child Health Partnership would like to express our sincere thanks to everyone who supported the organization by contributing between July 1, 2022 – June 30, 2023.

Please note we have made every effort to correctly list our supporters in alphabetical order. Should you note an error please contact Ann Taylor at 434-760-4220.

Tamia's Story

One of this year's Imagine winners, Tamia is the mom of two young boys. She was suffering with some undiagnosed health issues and was worried about her older son who struggled with his speech. When her second child was born, she felt overwhelmed with knowing the best way to support her own health and help her boys with their development. Tamia enrolled in Child Health Partnership.

Tamia and her boys are now thriving. She has enrolled them in speech therapy services and preschool and was able to find support for her own mental health. After moving into a home in a new neighborhood, Tamia is building her own business and creating a path to financial independence.

Jim Plews-Ogan Offering Kindness Award

Dr. Jim Plews-Ogan is a beloved member of the Charlottesville community and served on the Child Health Partnership Board of Directors for nine years. Practicing pediatrics in a caring and loving way, and writing his blog “Offering Kindness”, Jim has made a difference in the lives of every child and family he touched.

In October 2022, the Child Health Board created an award to honor Jim. The *Jim Plews-Ogan Offering Kindness Award* is given to a staff member chosen by their peers for exhibiting extraordinary care and kindness to the families they work with as well as their fellow staff members.

This year's inaugural award was presented to Torri Ayers, Family Support Supervisor.

Torri is a 15-year member of the staff at Child Health Partnership. Torri's co-workers say – “she brings joy, humor and compassion to everything she does. She is a wonderful advocate for families and builds great rapport with them. It is a pleasure to work with someone who is incredibly caring about everyone she encounters on daily basis.”
